# THE ROMANIAN TROOPS

Occupy City of Bucharest—Great Numbers of Russians Mass in Dobruja to Strike at Bulgarians—Czar's Russian Fleet Protects Transports Landing Troops at Constantza

LONDON, Sept. 1.—(Special).—With their armies overrunning Transylvania, a large number of the Romanian troops have been abandoned by the Allies, the Romanians have been abandoned by the Allies, the Romanians have been abandoned by the Allies.

Crossing the Danube behind a curtain of artillery fire, Romanian troops have occupied the large Bulgarian city of Ruse, according to news reaching Paris. Meanwhile, great numbers of Russian troops are massed in the Romanian Dobruja, to strike at Bulgaria from the north. Transports under protection of the fleet.

## Expect Sale of 1,750,000 Cars Coming Year

Motor Securities are Now Recovering Some of Their Losses

NEW YORK, Aug. 31.—The plans of a manufacturer of cheap automobiles to place a car in keeping with modern ways of appearance and marketable to manufacture over 1,750,000 cars a year in 1937 are turning heads in the motor stocks for several weeks, but these securities are recovering some of their losses because of the belief that for many years of at least a decade on an enormous scale will be seen during the next two or three years at least. It is now thought possible that total sales of automobiles for pleasure use will be about 1,750,000 cars in 1937. This figure would mean that in 1937 as many cars would be sold as in 1927, the year the entire country was out of a no.

Clearly allied with the question of the upward motor sales in that of gasoline prices. Although crude oil is down 40 per cent. since 1927, and over that in some other districts where gas quantities are smaller, gasoline prices are only 5 to 10 per cent. below the recent high. It is believed that the gasoline industry has decided that low crude oil prices will not last long, and that returns here will be made by raising gasoline production in gasoline. The action of the oil stocks, too, would indicate that higher prices than those now in force are expected before long for oil.

## Banana Crop Badly Injured

Jamaica Suffers Severely From Heavy Gales Which Will Be Limited

KINGSTON, Jamaica, Aug. 31.—Information collected from all parts of the island respecting the damage done by the hurricanes of August 29 and 30, discloses that for all practical purposes this year's banana crop has been ruined.

While the banana is considered to be the staple crop of the island, the loss in growing material is estimated at 90 per cent. on the average. So far as is shown from reports from mountain districts, damage to coffee has been negligible; and the same may be said of the other crops. Although the island was practically in the teeth of the storm the damage done was moderate as compared with that wrought by the "blow" of 1901.

# The O'Shaughnessy Strain

By JOHN BARTON OXFORD

Copyright by Frank A. Munsey Co.

Under proper conditions "Kilmer" as a team is all right.

There are circumstances which make even the most constant team to be devotedly wished for. It took some time when it is played on a court near downtown 3500 on a rainy day, with many breaks and the rain.

It has lost every one of its charm and its value. It is a team which has been used for some time and which has been used for some time.

The door of the little bedroom was pulled open and Mary O'Shaughnessy, a girl of about sixteen, came out.

"How is he?" she asked. "He is all right," said the woman. "He is all right," said the woman.

"What is there to do?" asked the woman. "He is all right," said the woman. "He is all right," said the woman.

"What is there to do?" asked the woman. "He is all right," said the woman. "He is all right," said the woman.

# LITTLE DOING ON THE FRONT

Canadian Press Special  
PARIS, Sept. 5. — Comparative  
quiet still prevails on the Macedonian

front, an official French report of today says. There were no infantry engagements yesterday, although artillery was fairly active and various enterprises were undertaken by patrols.

## Cars Cross From Detroit

WINDSOR, Ont., Sept. 5.—A precedent was set and a record established

here yesterday when more than 1,800 hundred autos were ferried across the Detroit River from the Michigan side. This is the greatest number handled in any single day since the interchange of auto licenses became effective four months ago. The increased traffic is

due to the local race meeting, and also to the fact that it was a general holiday on both sides of the river. Collector of Customs Dr J. A. Smith announced this evening that two more States, Missouri and Iowa, have been added to the list of States with which Ontario motor licensees can enter.

**M. P. for Ayr, Wounded in War**  
 LONDON, Sept. 5.—Special — The death occurred suddenly yesterday of

Captain Duncan Frederick Campbell, D.S.O., M.P. for Ayr. He was the son of Archibald Campbell, of Lynwood, Simcoe, Ont. He was educated at Cambridge University, and entered the Lancashire Fusiliers in 1898.

**FOUND DEAD IN ROOM  
WITH GAS TURNED ON**

TORONTO, Sept. 5.—John Henderson, aged about 84 years of age, was found dead in his bed in a room at 17 Nassau Street, yesterday morning.

The discovery was made by the landlady, Mrs. Tulloch, who missed the old man at breakfast time. She went to his room and detected the odor of gas. Forcing the door she found the gas-tube turned on. The burner had been removed from the jet. Henderson had been in bed for several days.

## Casualties Among Canadian Troops

 Lieut. Elliott, D. S. Thompson, Ham-  
 ilton, Ont.; Major Wm. U. Ashplant,  
 London, Ont.; Lieut. Allan Gray,  
 Purford, Ont.

**"DIDN'T NEED 'EM**  
"Look here, Snip," said Slowpay indignantly to his tailor, "you have not put any pockets in these trousers."

"No, Mr. Slowpay," said the tailor, with a sigh. "I deduced from your appearance that you didn't need 'em."

count here that you never had any thing to put in them."—Harper's Weekly.

## THOUSAND CAPTIVES

In the last two days the French have taken more than 5,000 prisoners. The captives taken by the British bring the total of the new Picardy drive to 6,000. This in itself indicates the extent of the attack and the thoroughness with which it was carried out.

## Newspaper Man Makes a Tour

Has Returned From a Trip to Prince Edward—Fine Roads Up There—Canning Factories Paying Twenty-five Cents a Bushel for Tomatoes.

(Kingston Whig)

A representative of the Whig who has returned from a two week's tour in Prince Edward County is loud in praise of the treatment he received while journeying from one point to another.

One thing which impressed the Whig man most was the splendid roads in that country. If some of the

members of the township councils of the other surrounding counties would take a few days off and inspect the roads it would only be a short time until the dreadful conditions of Prince Edward highways would be improved. No matter where one drives in an automobile in the "arden county" he finds the roads well built up, and more than that, they are not allowed to be

to place the same of the roads to the City of Kingston and County of Prince Edward.

When making enquiries from the authorities in Prince Edward County the people are so anxious to have good roads that they do not mind paying as extra mill or so each year to help the invariably costly accompanying work. Practically every side road in the county is as good as some of the best roads in the province. It is not as hard to keep up the roads on account of them being built of gravel.

People living in the Whig that Prince Edward County is one of the best places in the province on Sundays for tourists. Many of the tourists go by way of Adolphusburg, crossing to Glenora by ferry, while others cross at Deseronto. Some go by way of Belleville.

The crops are far sparser than last year. The potato crop is practically a failure, while the tomato crop is far below the average. Although tomatoes are somewhat scarce, the canning factories are only paying 15 cents a bushel for them. A number of the canning factories are not running because of the scarcity of vegetables. Citizens who have been in the habit of eating canned tomatoes will have to pay for them this winter. The hay crop is the heaviest in history. Grain is only worth a crop.

APPLE CROP VERY POOR  
"Never in the history of Prince Edward County I have known apples to be so scarce," said a resident. Although the farmer has a very large orchard he would not have more than enough apples for his own use. The apple trees of the county, especially the main trunk of the county, are in a common occurrence. The apples are good, but are not well suited for commercial use and are mostly eaten.

Saturday is the busy day in Kingston. The chief of police of Kingston told this that he saw as many as two hundred automobiles on the main street of Kingston at one time on a Saturday night. It is a common occurrence. There are probably more automobiles in Kingston in Prince Edward than any other place in the county.

## WINTERING THE TROOPS

Arrangements For Winter Quarters Now Being Made—Will Likely Be Similar to Those of Last Year.

Where the troops will winter is becoming an urgent question in the view of the lateness of the camping season. Brig-Gen. Irmix is not afraid to remain at the camp as long as any of his men can, but with arrangements to be made the coming winter, attention of those troops is occupied in authentic reason to believe that the winter plan carried out in the winter past. The troops will find about the same plan carried out in the winter past. The troops will find about the same plan carried out in the winter past.

and that is, the winds that blow across Barriefield country. A new day on the pole in front of the administration building does not last long, and although the day is made of the best of materials, they can't stand the constant whipping of the winds. The present fall has only been up a short time, and yet it is in shreds. While the day is in the cutting of the winds, it is a great against the postural rain, and the colours are examined to run.

THE SIGNALMEN Exchange of Excellent Training Which Also Includes Work in the Trenches

The advance class of signallers from the 150th Battalion were in the trenches on Monday morning and proved themselves quite adept at handling the instruments under similar conditions to those at the front. The signallers of the 150th Battalion went into the trenches with the battalion on Tuesday night and did good work as usual.

The school of signallers has certainly proved itself a valuable institution and the training, in conjunction with the staff of the 150th Battalion, has carried it far in the road to success. It has been said that the signallers of the 150th Battalion are the best in the world. The signallers of the 150th Battalion are the best in the world. AN INTERESTING CONCERT At the concert on Friday night a splendid impromptu concert was given by the soldiers with the following programme—selections by band; selections by Bandmen Burke, Wilkinson, Lieut. Cameron, Lieut-Col. Paterson, Capt. Wrightman, Lieut-Col. S. A. Thompson, Capt. W. J. McManis, Bugler Harris, Sgt. Morrison, Pipers McKinnon and Piper McKinnon; quartet of Sgt. Morrison, 14th; Lieut. Cameron, 150th; Piers Burke and Hill, 150th, and a wrestling match, in which Sgt. Morrison, 150th, defeated Piers Burke, 150th.

NOTES Guy B. Manner has been appointed Captain in the C.A.F.C. and will assume duty at once. The Y.M.C.A. has on its staff, a soldier who has returned from the front shattered and battered with German bullets and shrapnel. He has been about and finally, through the kindness of the Red Cross, he has been able to get home. He is now at the Y.M.C.A. and is being treated for his wounds. ## PREPARE FOR MORE GUNS

French Artillery Busy Clearing  
Away German Trenches—  
Fox Deploys Menaces

PARIS, Sept. 8.—(Special)—The French have cleared the way to the extension of their line to the east of the Somme. While their artillery north of the river was busy preparing the German trenches for further assault, infantry south of the river gave another square to the pioneer, who are rapidly clearing the German positions.

The present attack is against Beren-Saunders, which is an extremely important village. Situated on the bank of the hill that dominates Barleux, it protects the little plateau of Villerscaumont, where the Germans have massed large collections of heavy artillery. Beren-Saunders, three kilometers from Villerscaumont and four and four-fifths kilometers from the Somme, is at the head of a system of deep ravines leading to the Somme and turning on southwest to the German gun positions. The French in this direction would be disastrous to the Germans, as it would make it extremely difficult for them to withdraw their big guns. In addition, the advance on Beren-Saunders greatly helps the French in their drive on Deloucourt. The latter village is now three-fourths surrounded by the French.

## Britain Still Stiffens Passport Rules

New Zealand Regulations Are  
Brought in Line With Those  
of Australia

WASHINGTON, Sept. 7.—Regulations regarding passports required to be submitted by alien immigrants to the United States, which were permitted to land are being rapidly stiffened throughout the British Empire. On Sept. 1, new and more stringent regulations went into effect in Australia, and according to the regulations of the State Department to be adopted from the American Embassy at London, the passport regulations to be applied to Australia will also be applicable to New Zealand on and after Sept. 23.

The Australian regulations, which went into effect on September 1, require that persons under 15 years of age be permitted to land in the Commonwealth of Australia only in possession of a valid passport issued or vouch for by a competent British authority. British subjects entering Australia from the United Kingdom must carry passports issued or vouch for by the Passport Office, Downing street, London. Alien subjects entering must carry passports issued or vouch for by the authorities and vouch for by the Passport Office. Persons entering from the countries of the British Empire must first have their passports vouch for by a British consular officer in the country of embarkation.

## GREAT ADVANCES BY RUSSIANS IN THE GALICIAN OFFENSIVE

Many German Prisoners—Five Turkish Officers and 685 Men  
Also Captured—One of a Trench Position Across the  
Drina River is Occupied

LONDON, Sept. 8.—(Special)—The past twenty-four hours have brought success to Russian arms in their drive on the Carpathian heights which form the backbone of Transylvania.

The most marked advance was in the south center of the line, where for days Gen. Bratkov's army has been having a push toward the German positions. The Russian reinforced centre of Galicia is under Russian fire and in flames, and according to the statement of the Russian press, the Russian army has advanced to the south center of the line.

Hadler has played an important part in the Russian advance. He does duty as chief of staff of the Russian army.

## Pastor Given Leave Till End Of The War

Rev. M. Omond's Relegation Not Accepted—To Rearrange Chances

Rev. M. Omond of Picton, who has been appointed Chaplain of a battalion about to proceed overseas, forwarded to the Kingston Presbytery his resignation of his pastorate. Mr. McDonald of Picton and Mr. Wallace of Kingston, in an excellent way as the representative of the Canadian Militia Department in the matter, have been asked to what difficult situation regarding the Rev. Omond's resignation the Canadian forces in England.

The only question remaining is whether the Rev. Omond's resignation is to be accepted. The disposition of all troops will arrive.

The struggle is now under way from Petrograd.

## Children Starving While at School

Condition of Belgian Kiddies Such That School Hours Have Been Shortened

LONDON, Sept. 8.—The want of food in Antwerp is so great that the school can no longer stand the strain of a full day of school and class hours have been reduced on account of the "peuple debilité."

The significance of this can hardly be overestimated when people are receiving relief to eat and prosperity is everywhere.

## CITY BOMBED BY ITALIANS

Some Flew so Low That They Seemed to Touch the Roof of Hotel

THE HAGUE, Sept. 8.—(Special)—Bombs were dropped by a squadron of Italian aeroplanes yesterday, according to an eyewitness of the raid, who said that the bombs seemed to touch the roof of the hotel.

It was at one o'clock in the morning, he said, and some time previously soldiers had been working for the extinguishing of all lights.

The aeroplanes were seen distinctly, he declared, and some few of them seemed to touch the roof of the hotel, but their nationality was not known.

## Stefansson Plans Further Exploits

Understood He Will Winter at Winter Harbor

OTTAWA, Sept. 7.—A letter has been received by Mr. G. J. Desbarats, deputy minister of naval service, from Mr. Anderson of the Stefansson expedition party, who, as recently announced, reached Nome a few weeks ago.

The letter states that Stefansson's expedition is now in the Arctic circle around the new land which he discovered a year ago, with the object of discovering the extent and whether any territory related north of there.

## IN AND ABOUT THE CITY

**LEFT FOR HAMILTON**  
The Venereable Archdeacon Bramish left today for Hamilton to attend the Provincial Synod, which meets tomorrow. Mayor H. F. Ketchum and Mr. John Elliott will also attend.

**ABSENTEES APPREHENDED**  
Four absentees of the 12th Battalion, have been apprehended here since Saturday. All of them were removed here after leave of absence had expired.

**INTOXICANTS APPREHENDED**  
Two arrests were made by the police on Saturday night, both being intoxicated. One of the men was found in the G.T.R. yard.

**ALLEGED THIEF**  
A man named Harry Dainard, was this afternoon found arrested on a charge of theft. It is alleged the accused confessed to take away a bicycle which was not his property.

**RECKLESS DRIVING**  
Since Sunday the police have detected less than five anti-socials who were driving about the city in a reckless manner. The officers of the force will be summoned to appear before the police magistrate.

**AUTO DAMAGES CYCLES**  
On Saturday evening, an automobile, which, it is alleged, was being driven by a motorist named, collided with two bicycles owned by Edwin Yeckin and James Hunter, with the result that both wheels were more or less damaged. The affair took place at the lower end of Front street, and the wheels were standing against the curb. After the affair, it was ascertained that the number on the car was 2078, and by this means the owner of the car was ascertained. A police case will not doubt follow.

**PRESENTED WITH A RING**  
Mr. Earl Kold, who has been for the past three years a clerk in the wash goods department of the Bellevue Company's store in this city, is now at Colours. The Saturday evening Mr. Kold was presented with a Memorial ring on behalf of the staff of the Bellevue Company. Mr. Frank Thompson made the presentation, and Mr. Kold made a suitable reply.

**MEMORIAL SERVICE**  
At Bellevue Street Methodist church, on Sunday morning, September 10, a memorial service was held for the late Pte. Marley Butler, who was killed in the first world war. One week ago, a large number were present at the service, which was most interesting and had made their grateful

impressive. The pastor, Rev. J. N. Cherry, conducted the service and preached a most appropriate sermon, and the young man who had sacrificed his life for King and country. The choir rendered an especial selection for the occasion. The late Pte. Butler was a member of Holloway street church, and a young man who was revered by all who knew him.

**A BIVOUAC TO BELLEVILLE**  
It has been suggested, as a matter of fact, for the Bellevue House, that the 12th, 10th and 16th Battalions make the trip over the highway to Belleville, running over night for a week, and remaining in the city for a number of days, the division staff to accompany the troops. This would make a splendid exercise, as the entire body would constitute about 2,000 men. A movement toward this end has, we understand, been suggested.

**SHOW FOR TRENT CANAL**  
Mr. Edmund of Trent Division has just completed a new type of boat for carrying freight. This boat has no side supports like a tug, but is a hull, it is to be run by two twenty five horsepower engines, and the crew and cargo have a capacity of 200 tons of cargo. It was built for the purpose of the Trent and St. Lawrence Canal.

**Bellevue's Fair Biggest And Best Yet**  
1916 kids fair is a red letter year in the history of Belleville. With over 100 prominent industries making preparation to establish themselves in the city, with the rebuilding of our beautiful streets, and the building of many fine houses, Belleville is without doubt making up a new era of prosperity and good times unknown before in the history of the city.

**ROCKWOOD PATIENT'S LIBERTY WAS BRIEF**  
An inmate from Rockwood hospital, who escaped, from the institution on Wednesday night, was taken in charge by the police. He was taken to the Bellevue street police station, where he was held until he was taken to the city.

**THIS IS THE TENTH DAY THE BRITISH EMPIRE HAS BEEN AT WAR WITH GERMANY.**

**A MAMMOTH STRUCTURE.**

Canada, if all goes well to-day, will have in immediate sight the greatest bridge in the world, that across the St. Lawrence at Quebec.

That river and the lakes it drains form the greatest system of inland navigation in the world, interfused with at only one point, by what is worth the obstruction, the Niagara Falls, one of the world's finest spectacles.

There is no such development of electrical energy as are developing on the rivers in the St. Lawrence Basin or such immense lines of power distribution, as there are millions of horse power still at this great river serves the Provinces of Quebec and Ontario, and also equally the great wheat fields of the provinces beyond the St. Lawrence.

Ontario as a city, today, salutes Quebec, the old historic city, the altar of our national fires, the city of old France and the city of old Britain, and trusts that much commerce, much wealth may come to her from this great bridge, that trades and ships innumerable may come to her from this great bridge and under the bridge; and that the dreams of that greatest of our historic characters, Champlain, may be realized more than in full.

All that we say to Quebec is: Depend as much on yourself as on the country, and regard yourself as the possessor of two races, but one Canadian nation. Think and act for the continent, not for a province or a single race. Be as big as the bridge, as far-reaching as the great river and beyond to the Pacific. Champlain knew of Ontario as well as Quebec; and you, oh, Quebec, when we thus salute you in this great new dawning that may be coming to you, think of Ontario as a great free sister, whose words faith is her love of peace, and whose spiritual freedom, equality, equal rights, no special privilege. We are no persecutors of any race, but we only seek equal opportunities for all. And Canada is telling the world in this great war that she is

spring her, born in men and women, in treasure and in service, to the maintenance of British liberty and British equality.

It is for you, Quebec, to think of the bridge as the gateway of a nation, not merely the door of a province.—Toronto Star World.

**LAWYER STATESMEN.**

It has been a matter of complaint for generations in the United States that there are too many lawyers in the various state legislatures and in congress. This complaint has been made mostly by the portion of the public that does not include the lawyers. As class they seem to consider that situation as natural and proper in a country like the American Republic.

But when an eminent member of the lawyers class rises to protest against it, as not only unjust, but also highly detrimental to the interest of the country, it shows that there is something more than jealousy of the profession here. The eminent lawyer who has made this complaint is former Sen. Root of New York. In an address delivered recently before the American Bar Association at Chicago, Mr. Root pleaded for the efficiency in the administration of the law in order that the country might get down to real effective work if it is going to keep pace with Europe after the war. Mr. Root flayed the "cumberbund" machinery of justice and called upon the lawyers to forget their selfishness and give the country a little service, not only in law administration, but in law-making.

Hamilton Herald. A blunder will be committed by the Liberal leaders if they insist upon committing their party to the proposition that the old walls of the Parliament Building at Ottawa should not have been pulled down, but for the sale of economy should have been utilized in the construction of the new building.

The old walls, weakened by the fire, were condemned by both of the Government architects, who took the responsibility for ordering the removal. Surely the architects should be trusted to decide whether it would be wise to use the old walls. It should be remembered that the new building is to be a story higher than the old. The Ottawa Free Press, the Liberal organ at the capital, is candid and far enough to declare in favor of the decision of the architects. "We had seen these walls after they were stripped," it says, "and we had come to the conclusion that if our own building were found to be in such shape after a fire we would have utilized the walls in the construction of a new building." Fine economy it would be to make use of walls weakened by fire in the hope of saving a million dollars or so, with the probability that after the completion of the new building the old walls would collapse or have to be pulled down to avert a catastrophe.

**Money Times:** The British Government on July 18th, established what is known as a blacklist of firms doing business in the United Kingdom are forbidden to trade. A similar blacklist was established by Australia shortly afterwards. The Canadian Government, after nearly two months for consideration, has not yet seen fit to follow the example of the Imperial and Australian Governments. The Market of United States firms does not yet apply in Canada. In other words, while it is illegal for citizens of the United Kingdom and of Australia to trade with enemy firms, played as such by the British Government after careful investigation, it is legal for Canadians to trade with such enemy firms. And, as a matter of fact, business is being done by Canadians with such firms. Why is the Canadian Government adopting such an extraordinary attitude in regard to the blacklist?

LITTLE CHILD KILLED  
Tumbled Head First Into Buckets of Water, Taken Out Lifeless

GUELPH, Sept. 18.—The eight-year-old son of Mr. and Mrs. Hudson Talbot of Brantford township met its death Wednesday afternoon in a drowning manner. The mother and child were alone in the house, and the little one walked out into the wood shed and tumbled head first into a bucket with a small quantity of water in it. Only a minute or so afterwards the mother found the child, but there was no sign of life, and it is thought that in the fall its neck was broken. It is said that the child was in the bath at the time.

In some places the French guns must have to smash only hastily constructed dugouts, sparsely timbered, and strengthened by cement, which demonstrates that the war has passed to a new phase. With the attack sweeping all before them over distances of several miles and considerable depths, the operations have lost the character of isolated trench fighting, which prevailed for two years past.

## IN AND ABOUT THE CITY

### VISITED THE FAIR

A number of our country friends were in the city today for the purpose of visiting Belleville Fair.

Mr. W. N. Weston, K.C., received a telegram from C. White Mortimer, of the law firm of White, Mortimer, & Co., of Belleville, in the afternoon.

### PAID THEIR LICENSE

Two parties were this morning summoned before a Police Magistrate for neglecting to take out licenses for horses used for hire. They paid the necessary license and also \$5 each. One of the parties had taken out a license for two horses, but had a team which was doing carting work.

### VIOLATE AUTO ACT

Last night the police detected an automobilist who was driving recklessly on a main street, where many residents were alarmed owing to the strange action of a dog. It was ascertained that the canine was ill, which caused the alarm. The dog was allowed to return to its home after being attended to.

### DOG CAUSES SCARE

The police this morning answered a call to Fern street, where many residents were alarmed owing to the strange action of a dog. It was ascertained that the canine was ill, which caused the alarm. The dog was allowed to return to its home after being attended to.

### ACKNOWLEDGED GIFTS

Shortly before the high school closed for the summer holidays in June, the pupils held a gift show for the purpose of sending a present to each former high school boy, who had enlisted and were overseas. Yesterday letters were received from H. W. Knick and Ray Taylor, acknowledging receipt of the gifts, and thanking the pupils for their thoughtfulness towards the old boys of the B.H.S.

### FIREMEN CALLED OUT

At a few minutes after 4 o'clock this morning the fire brigade was called out. A kettle containing fire which was being heated boiled over, causing an alarm. On Monday at the same place the firemen were called for a similar occurrence. A fire on a building on the east side of Front street is being treated and heated water is being used for it. No particle of damage resulted.

### FRANKFORD MAN ARRESTED ON CHARGE OF SERIOUS CHARGE

A young man belonging to a well known family in the Township of Murray, was arrested and committed to jail Wednesday afternoon on a charge of serious charge.

## The Health and Beauty Bath

Is assured when Lifebuoy Soap is used. It keeps the skin naturally clean and glowing with health.

Lifebuoy is an honest soap—surveys a cake and sends it. A mild carbolic odor is dispelled—no stinging or irritatingly healthy skin. But the odor vanishes immediately after use.

### FOUND DEAD IN BED

Yesterday morning Mrs. Abram Wood, residing in the 11th Concession of Belleville Township, was found dead in bed. The evening previous she was apparently in good health, and made no complaint until yesterday. Heart trouble was the cause of death. Deceased, who was born in 1854, was a daughter of the late Mr. Alpheus Darrow of Ameliasburg, and had lived in that township all her life. She was an estimable lady much esteemed by all who knew her. Mrs. Wood was a member of the Methodist church. In addition to the husband one son, Leonard, survives.

### FORMER BELLEVILLE MAN

In the casualty list yesterday appeared the name of Major Wm. A. Casey, who was killed in action. He was a native of Belleville, and was a member of the 1st Battalion of the 1st Canadian Trench Battalion. He was a member of the Belleville church. In addition to the husband one son, Leonard, survives.

## Bring Smiles

New Post Toasties were perfected to overcome the defects of old style corn flakes. And the hearty welcome they have received is ample proof that their superiority is recognized.

New Post Toasties have a self-developed, inner-flavor—the rich flavor of choice Indian corn. Try a handful dry—they're mighty good that way, and the test will prove that, unlike common flakes, they do not depend on cream and sugar for their palatability.

New Post Toasties do not "chaff" in the package, and they don't mush down in cream like common "corn flakes." The New Post Toasties are identified by tiny "hubbles" on each flake—produced by the quick, intense heat of the new process of manufacture which actually develops their wonderful new flavor.

Have your grocer send a package for to-morrow's breakfast.

#### OUR LOAN REQUIREMENTS.

From April 21, 1916, to March 1917, the Dominion Government will raise by way of loans, from \$200,000,000 to \$225,000,000. The loan required in New York in March amounted for \$75,000,000. Taking the maximum possible requirements of \$225,000,000, there is still to be raised during the present fiscal year, \$150,000,000. Assurances were given by the federal government in connection with the \$75,000,000 New York loan that no further offering would be made in the United States during the current calendar year.

While Sir Thomas White has made an arrangement by which he can draw upon an authorized credit of \$5,000,000 established by the Imperial government, the Dominion government will endeavor to utilize this credit as little as possible, if at all. As we have previously stated, the United States market is growing for the remainder of the year 1916, for the remainder of the year 1917, and for the remainder of the year 1918. The Imperial authorities have provided, there will be no further offering of loans, in Canada during 1916, and in the United States during the first quarter of 1917, the sum of \$10,000,000.

As the present loan is for \$200,000,000 this leaves a sum of \$20,000,000 still to be raised in order to make the total loan requirements for the current fiscal year. This loan will probably be raised in New York about March next.

#### THE NEW WAR BOND.

As will be seen by advertisements elsewhere in The Intelligencer, the new Canadian War Bonds are now being offered to our citizens. They are available to the man with only \$100 for investment and to the big corporation with its million. The purchaser does not pay a commission to the bank or the bond house through which he purchases. The Government is selling its bonds through the channels of direct trade to applicants for the loan.

"There is peculiar gratification in holding Canadian war bonds," declares The Montreal Times. "We are lending money to our own government to help finance Canada's share of the great war. At the same time, we are extending the Dominion financial burden placed upon the Imperial government by financing its own war operations. Those of us of the Allies, and of the business of certain nations. The first impulse to fighting the money market is money. Money has been donated in millions of dollars for purposes connected with the conduct of this war. Now the Dominion government is asking for the loan, not the gift, of money for the continued prosecution of its share of the struggle. For that it is paying an attractive rate of interest."

The Canadian public is being asked to lend the Dominion Government, at a good interest rate, in order to equip and man Canada's army. That army is fighting the Dominion Government's war, to crush Austria, to save the life of the British Empire, to uphold all the great ideals, traditions and practices which the life of our Empire embodies. Who can fail, therefore, to buy a Canadian war bond?

Great Britain has loaned us large sums for war purposes recently. Canada feels competent again to relieve, in a small extent, the financial burdens of the Motherland. These are the principal reasons which will induce Canadians to invest in again over-subscribing their second war loan in a manner which will tell the world once more that the Dominion is in this war with the rest of the Empire and the Allies in fight to the last drop of blood and to the last cent if necessary. Those who cannot subscribe.

## IN AND ABOUT THE CITY

**THE WORLD'S FAIR.**  
Many citizens and residents of this city were today in attendance at the World's Fair held at Shannonville.

**NO QUORUM.**  
A regular meeting of the Board of Education was called for last evening but owing to the fact that a sufficient number of the members did not attend to form a quorum, no business could be transacted.

**A PAINFUL ACCIDENT.**  
Mr. Walter Brown, an employee of the Tinkler & Sons Company, last evening met with a painful accident. He was in the stables attending the horse when one of the animals stepped upon him injuring his right leg quite severely.

**CALLS FOR POLICE.**  
During last evening the police were

called several calls, with the result that two arrests were made, one for drunkenness. Two other calls were for alleged fighting in hotels, but all was quiet when the officers arrived upon the scene.

The famous Mary Pickford, who appears at Griffin's Theatre on Monday and Tuesday in "The Foundling."

## An Old English Handbill

advertised a public warning about coffee in its early days as a beverage in Canada. It said:

"You are not to drink it after supper unless you intend to be watchful, for it will hinder sleep for three or four hours."

That was 250 years ago. Today it is a well-known fact that sleeplessness, brought on by coffee drinking, is due to the presence of the drug, caffeine, in coffee. It is also known that coffee drinking is a common cause of various other ills.

## POSTUM

the delightful pure food-drink

who devised especially for people who should not use coffee, but who like a hot beverage with milk. It contains mild Java coffee in its snappy taste, but contains no coffee, caffeine, nor any harmful element.

Postum is good for old and young, and can be drunk freely at any time of the day with pleasure and comfort.

**"There's a Reason"**  
Canadian Postum Cereal Co., Ltd., Windsor, Ont.

## MAGIC BAKING POWDER

several calls, with the result that two arrests were made, one for drunkenness. Two other calls were for alleged fighting in hotels, but all was quiet when the officers arrived upon the scene.

**CHEESE BOARD.**  
At the Belleville Cheese Board 120 boxes were offered for sale—300 boxes at 15-16c and a bid of 19-18c; for the balance was reduced by a majority of the bidders.

**VEHICLES COLLIDE.**  
On the Collins Road, just north of the city limits, there was last evening excitement for some minutes owing to the fact that a collision occurred between two vehicles, but fortunately no person was seriously hurt. It is alleged the parties driving the horses attached to the vehicles were passing side by side and drove too close to each other, with the result that the vehicles were somewhat damaged.

now, the gate recedes being larger than last year, though not as large as in some former years. One thing that worked against the attendance was the fact that nearly all the papers in this district published the wrong dates and many people did not know the fair was to be held so early.

The Officers and Directors of the Society appreciate the work of the Superintendents and Judges and all others who assisted in making the Fair a success.

That the Fair proved as successful as it did was largely due to the efforts of Mr. John Taylor, who collected most of the money for the special lots and acted an active part in getting the grounds in shape. If it does mean would give as much time and energy to the fair as it could be made one of the best in the district—Marmora Herald.

All payments are to be made to a chartered bank for the credit of the Minister of Finance to pay any instalment when due which will render previous payments liable to forfeiture and all instalments payable.

Subscriptions, accompanied by a deposit of ten per cent of the amount subscribed, must be forwarded through the medium of a chartered bank. Any branch in Canada of any chartered bank will receive subscriptions as above provisional receipts.

This loan is authorized under Act of the Parliament of Canada, and both principal and interest will be a charge upon the Consolidated Revenue Fund.

Forms of application may be obtained from any branch in Canada of any chartered bank and at the office of any Assistant Receiver General in Canada.

Subscriptions must be for even hundreds of dollars.

In case of partial allotments the surplus deposit will be applied towards payment of amount due on the October instalment.

Security certificates, non-assignable or payable to bearer in accordance with the provisions of the War Loan Act, or bearer bonds, will be issued, after allotment, in exchange for the provisional receipts.

When the security certificates have been paid in full and payment endorsed thereon by the bank receiving the money, they may be exchanged for bonds, when prepared, with coupons attached, payable to bearer or registered as

Subscription Lists will close on or before 23rd September, 1916.

## NO FRESH NEWS FROM THE SUBS

## War Loan Is Believed to Be Over-Subscribed

Small Investors in West End Flood of Subscriptions—Open Until Saturday

OTTAWA, Sept. 20.—The Finance Department is refusing to give any figure as to the number of subscriptions to the war loan, but the general impression at the capital is that with the fifty millions from the Canadian banks the loan is already over-subscribed. The Western agencies are now building levees in the mail and judging by their number and amount the West is already very prosperous. The Western subscriptions are expected to be much heavier than those of a year ago.

The loan is open until Saturday and it will be at least another week before final applications are in from British Columbia and Prince Edward Island. It would not be surprising if the total subscriptions ran to \$170,000,000.

The small subscribers will be given priority and it is possible that the banks will receive no allotments from their fifty million subscription.

The most gratifying feature of the present loan are the large number of subscriptions. Canadian men and women are evidently being educated up to the value of the Government loan as an investment. The first loan was largely taken by the large financial institutions and rich individuals. They have again patriotically given a lead for the Dominion, but a much larger number of the present subscribers are in amounts of ten thousand dollars and less.

## Minister of Militia Returning at Once

Barfield Camp Has Receded Word to That Effect

OTTAWA, Sept. 20.—It is freely stated in Ottawa today that General Sir Sam Hughes is on the ocean on his way back to Canada. There is no actual confirmation of this yet, but it is generally believed that he had made arrangements to sail today or tomorrow.

What gives strength to the report is the fact that there has been no news in the papers regarding the Minister of Militia for a few days. Another report is that he sailed on September 11th, in which case he would be in Ottawa tomorrow.

Word was received at Barfield camp yesterday, to the effect that the minister would be in Canada in ten days, so it is quite apparent that he has either sailed or is about to sail for home.

## UPPER LIP DECORATION MAY DISAPPEAR FROM SOLDIERS

TORONTO, Sept. 21.—There was a flourish of soldiers and a singing of songs today at the recruiting office of the military camps and barracks where the latest order of the day was being issued. The order was that the upper lip decoration may disappear from soldiers.

The order was received by the office of a spirit of jubilation and in a very short time after it was read the presence of some of the young fellows who had been in the service and who were at all able to raise a laugh.

## NOTHING BUT CAN'TS AND CHANCES IN THE NIGHT

Former Montreal Bank Clerk, Who Was Buried by Storm, Tells How His Battalion Co-operated With Anzacs to Smash German Line

LONDON, Sept. 21.—Special.—To be buried under a ton or two of trench mud after being hit in several parts of the body by jagged pieces of shell was the experience of Private J. M. Day of the Montreal and the Mercantile Bank until his enlistment a year ago. The laughing during the great war forward, where there was no deep digging or technically made trenches in which to shelter.

The enemy was on the defensive, contenting itself with ground. The Australians had already pushed a big dent in the German front line. The Canadians were hurriedly sent to reinforce them for a push. The order was: "Push!" The Canadians were in full flight, with rifles, machine guns, machine, water bottles and other equipment. "We did not, we did not," said Day, "because we knew what the risk order meant. Our men were not to go into the machine guns. Besides, in mine action, there was only half a day," he added, "until we were ordered to go in as much as the big hole in his right cheek which was the result of a shell hitting him in the head. ## Famous Artist At Lake Louise

John S. Sargent, the Celebrated Painter, is Putting Canvas to Rest on Canyons

MONTREAL, Que., Sept. 20.—A message from Lake Louise, received at headquarters of the C.P.R. today, says: "John S. Sargent, the famous American artist, has spent the last month painting in the Canadian Rockies, staying at Lake Louise and Valley, and camping out in the Yoho Valley and at Lake O'Hara. A beautiful lake seven thousand feet above the sea level, to which a trail has recently been opened by the Government. When at Field, Sargent met James Lano, who has spent the summer in the Canadian Rockies visiting, climbing and fishing in the Lake O'Hara. Sargent painted an open-air portrait of his Norwegian guide, Cook, who was much annoyed because the artist would let him climb his hair."

The enemy was on the defensive, contenting itself with ground. The Bulgarians had already pushed a big dent in the German front line. The Canadians were hurriedly sent to reinforce them for a push. The order was: "Push!"

As it was in the interior of the building, which was covered with corrugated iron, was a mass of flames, and Mr. Harte's seat-driven car was on fire. An effort was attempted to take the car out, but it proved futile, and was practically destroyed. As was the frame work of the garage. The car was of the latest make, and was valued at \$2,000. It was partially insured. Mr. Harte had a wife and two children in the building, which was practically destroyed. His loss will be considerably enhanced by the damage done to a large barn adjoining the premises, under the able direction of Chief Brown, did not get work, by continuing the fire to the building in rear of the hotel. The fire department, upon the alarm, immediately set to work, and in a few minutes, a large number of men were working, and about 100 men were called out. berford of Romania, causing confusion among the enemy ranks. The British troops are making good progress in the Macedonian campaign. Our naval air craft bombarded enemy transport near Drama, causing many casualties. On the Dnieper front we raised enemy trenches at three points.

## Any Peace is Now Honorable

**Mr. Prince Says Compromise in Civil Wars—Ellis Hays and Pope Could End War**

LONDON, Sept. 22.—A despatch to the Morning Post from Bernum states an article by Prince Albert of Hohenzollern, published in the New York Herald. The despatch says: "The German Emperor, who it has now become evident that he will not surrender, has adopted the old style by the defeat of one of his battles, and consequently a new method of ending the whole slaughter must be adopted. He asserts that it is obviously quite impossible for either side to learn the fullness of their fanatic hopes and plans, and affirms that it follows that the present war will be brought to an end by means of a compromise, or by the complete total ruin of all the belligerent nations. The prince observes that in honor-able peace is already desired today by all the belligerents, without exception, and affirms that the language used by their leaders and statesmen, and by the means of which they have endeavored now, would be honorable with honorable valor and good conduct, and that the war would be ended, a power of endurance and a tenacity of purpose would be in history. The prince suggests that there are those who are able to prevent the catastrophe that threatens to overwhelm Europe, namely, the Pope and the President Wilson, the one having spiritual material power, the other having the authority of thought."

## NEW ACT TO REDUCE HORSE RACE TRACK

**The Minister of Justice is Reported to be Preparing Legislation**

OTTAWA, Sept. 22.—Adoption by the Dominion Commons of an act reducing the number of horse racing tracks in Canada, particularly in the United States, is a probability. The bill, which was introduced by Mr. J. H. McCreary, minister of justice, passed some years ago, sought to reduce, as well as to limit, horse book making. The racing men, however, found a loophole in the act and secured the number of tracks to be reduced by letters patent some years ago. Consequently horse racing continued to flourish, and the government is reported to be preparing a new act.

## Weather Interferes

On the morning the fire brigade was called out, but fortunately their services were not required. A large fire originated in Mr. L. Taylor's apartments above his place of business on Front street, but was soon extinguished by the fire department. It is not yet certain whether it was a case of carelessness or not.

Have the intelligence sent to your home address.

### Combing Won't Rid Hair of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid glycerine soap. It is light when used, is enough to quatern the scalp and hair. It is easily with the finger.

Do this tonight, and by morning the scalp will be clean and healthy. You will feel that it has been given, and three or four more applications will completely dissolve and destroy every single scale and it will be no matter how much dandruff you may have.

## WHAT FOREST FIRES COST CANADIANS IN 1916

Canada has lost through forest fires in this year alone millions of dollars. This equals more than six times what has been spent on forest protection work from coast to coast.

The enormous loss suffered through this year's forest fires, most of which was preventable, would add another \$400 to the first year's losses alone.

Losses of nearly 19,000 Canadian dollars in the Grand Peninsula east of Quebec, covered by two well equipped battalions of fire fighters, the amount of green timber burnt is practically negligible. This immunity was due to a matter of luck but of constant vigilance and effort to educate settlers, lumberjacks and others in care with fire, coupled with a system of promptly putting out outbreaks, and attacking forest fires in their infancy with large forces of men and modern equipment.

British Columbia faced fairly terrible fire conditions through the summer months and the cost of the fight was reduced by about 75 per cent over the record of 1915. The number of fires was about half of last year.

The British Columbia forest fire service is the most complete in Canada thus far and the saving of timber is a logical consequence.

A heavy average of rainfall kept fire trouble at arm's length in Alberta

## IMPORTANT RULING ON WORKMEN'S ACTS

**Judge Greenhilda Holds That Capital Sum Cannot Be Demanded in Claim**

MONTREAL, Sept. 28.—In discharging the duties in a case under the Workmen's Compensation Act in the Superior Court Thursday, Mr. Justice Greenhilda handed a very important legal opinion under this act. It was to the effect that an injured workman, even when he charges incalculable fault against his employer, is not entitled to claim judgment for a capital sum in his favor to the extent and upon the same grounds as though he had taken action under the common law.

Thomas F. Waters, plaintiff in the recent action against C. M. C. Cap Company Limited, had claimed a sum of \$4,000 under the Workmen's Compensation Act, alleging incalculable fault on the part of the company defendant, and complaining that he had suffered a permanent disability through an accident while working for the defendants at the works of Canadian Vickers, Montreal.

"It will be noticed," said Mr. Justice Greenhilda, "that the plaintiff although claiming that he is partially and permanently incapacitated does not say that the court do award him an annual rent, but simply prays for a compensation in damages payable by the defendants."

"Under the Workmen's Compensation Act, the only thing the court can do is to award the plaintiff a sum of money to be paid to him in the form of an annual rent. It is to be paid to the injured person. In the case of an incalculable fault the court may increase the rent beyond the statutory limit, and thus, indirectly, of course, increase the capital of that rent. But the first thing to do, and the only thing to do, is to fix the rent."

"Consequently, I hold—and I do this knowing that possibly there may be a difference of opinion on the point—that the defendant, under the Workmen's Compensation Act, as found in a George V. case, does not give plaintiff the right to demand payment to him of a lump sum."

On this ground his Lordship discharged the plaintiff and gave plaintiff opportunity to amend his claim and ask the court to fix the annual rent he is entitled to in the event his action is maintained.

## A Pertinent Amendment

The amendment to which Mr. Justice Greenhilda referred in his opinion which has been contended by injured workmen has the right to demand the payment to themselves of the amount of the compensation, or the capital of the rent which shall in no case exceed \$2,000, whether on account of death or of incapacity, which would constitute him an annuitant, saving the case provided for in article 720 of this act."

This qualifying provision gives the injured workman the option within six months after he obtained judgment of forcing the employer to provide the capital of the rent to an insurance company designated for this purpose by Order-in-Council.

This provision was added with a view to insure the workman of his compensation and safeguard them against loss in the event their employer, through business failure or other cause, was unable to meet their liabilities under the court judgment, which judgments, however, must, it is contended, fix the amount of rent before giving consideration to the question of the capital sum.

But "that is very plain. He over has one for the inferior judge." He "that's because she doesn't have him long before he gets shot."

## Horsemen Will Go to Windsor

In Defiance of The Threatened Ruling From Tracks in Ontario

MONTREAL, Sept. 28.—Expressing great indignation at the action set on foot from Toronto following a meeting of the owners of some of the tracks in Ontario, the horsemen now have held a meeting and ordered the coming meeting at Devonshire Park, which will open on Saturday afternoon. In defiance of the threatened action of their local branch, the horsemen have taken matters in their own hands and will now leave for Windsor to fight with those that number will have on Saturday night at the conclusion of the present meeting. Word was received here that a committee of horsemen in Toronto had held a meeting and had also ordered Devonshire Park and will go there to race. A meeting, according to a message from Windsor, was held yesterday morning by the horsemen and the meeting was also attended by them. Several of the owners who recently raced at Kenilworth are still in Windsor moved over to the new place yesterday afternoon, where over five hundred stalls are now ready for occupation.

The matter has been taken up with the New York Jockey Club and management of Devonshire Park and several car loads of horses are said to be en route from there if they are needed to run the meeting. The horsemen have expressed their intention of being able to conduct their own affairs and will race where they please, regardless of their stating that they would not be dictated by their race track, particularly the inferior track in Toronto and Kenilworth at Windsor. The ruling coming from Toronto has caused the horsemen who are intended to ship to Toronto

To Write Kitchener's Life. It is to be said that the writing of the life of Lord Kitchener has been entrusted to Sir George Arthur, who is the late War Secretary's personal secretary at the War Office. He is a man of high standing and advice of Lord Dufferin, who was one of the "Big Five" of the late Victorian era. It will be months before this extraordinary and interesting work is published. Thousands of documents and private letters will have to be read and selected. Sir George Arthur, however, is well read in this tremendous task. It is not his first attempt at authorship. He has accomplished work as well as soldier, and his two volumes on the Story of the Household Cavalry prove him to be a highly qualified for the writing of the life of one of the greatest military commanders of our history.

## Millions of Dollars Given—Millions of Belgians Fed—Yet Millions More are Needed

Nothing else has ever so roused the indignation and practical sympathy of the English-speaking world as the fate of Belgium.

At the first call for help some of the leading business men of neutral United States organized the Belgian Relief Committee, arranging with the British Government to cooperate, and with the Germans to keep their hands off—and the work of feeding the starving Belgians began.

Since then many millions of dollars have been contributed to the Belgian Relief Fund, chiefly in the British Empire and the United States, about half of it coming from Belgium living in these countries. The wonderfully efficient Belgian Relief Committee have spent this money so carefully that an average of \$2.50 has fed each dependent Belgian family a month. Thus the nation has been saved alive—no far.

But only so far! The number of Belgians dependent on the Fund is actually growing as these little hoards of food and money run out. Help is needed now more than ever before—and will be till the

Germans are driven out. If it is not supplied, all that has been done cannot save the country from wholesale starvation for two weeks!

If you have been contributing to the Belgian Relief Fund, and so have your women, child, family or family alive, you know them to starve. If you have not done much yet, save a little of your money to help them. The bread lines at the Relief stations. The Belgians are daily forced to join the bread lines at the Relief stations.
